Management Commentary

Introduction

The Annual Accounts contain the financial statements of Renfrewshire Integration Joint Board ('the IJB') for the year ended 31 March 2018 and report on the financial performance of the IJB. Its main purpose is to demonstrate the stewardship of the public funds which have been entrusted to us for the delivery of the IJB's vision and its Strategic Plan. The requirements governing the format and content of local authorities' annual accounts are contained in The Code of Practice on Local Authority Accounting in the United Kingdom (the Code). The 2017/18 Accounts have been prepared in accordance with this Code.

This Management Commentary provides an overview of the key messages in relation to the IJB's financial planning and performance for the financial year 2017/18 and how this has supported delivery of the IJB's Strategic Plan. This commentary also provides an indication of the challenges and risks which may impact upon the finances of the IJB in the future as we strive to meet the health and social care needs of the people of Renfrewshire.

The IJB needs to account for its spending and income to comply with our legislative responsibilities and external auditors will provide an opinion on whether this Management Commentary complies with the statutory requirements and is consistent with the financial statements.

Role and Remit of Renfrewshire Integration Joint Board

Renfrewshire IJB, formally established on 1 April 2016, has responsibility for the strategic planning and commissioning of a wide range of health and adult social care services within the Renfrewshire area. The functions which are delegated to the IJB, under the Public Bodies (Joint Working) (Scotland) Act 2014, are detailed in the formal partnership agreement between the two parent organisations, Renfrewshire Council and NHS Greater Glasgow and Clyde (GGC).

This agreement, referred to as the Integration Scheme, is available at <http://renfrewshire.cmis.uk.com/renfrewshire/JointBoardsandOtherForums/RenfrewshireHealthSocialCareIntegrati.aspx>

In March 2018, Renfrewshire Council and NHSGGC agreed an update to the Integration Scheme to reflect the provisions in the Carers (Scotland) Act 2016 to be delegated to the IJB.

The Vision for the IJB is:

Renfrewshire is a caring place where people are treated as individuals and supported to live well

The IJB's primary purpose is to set the strategic direction for the delegated functions through its Strategic Plan.

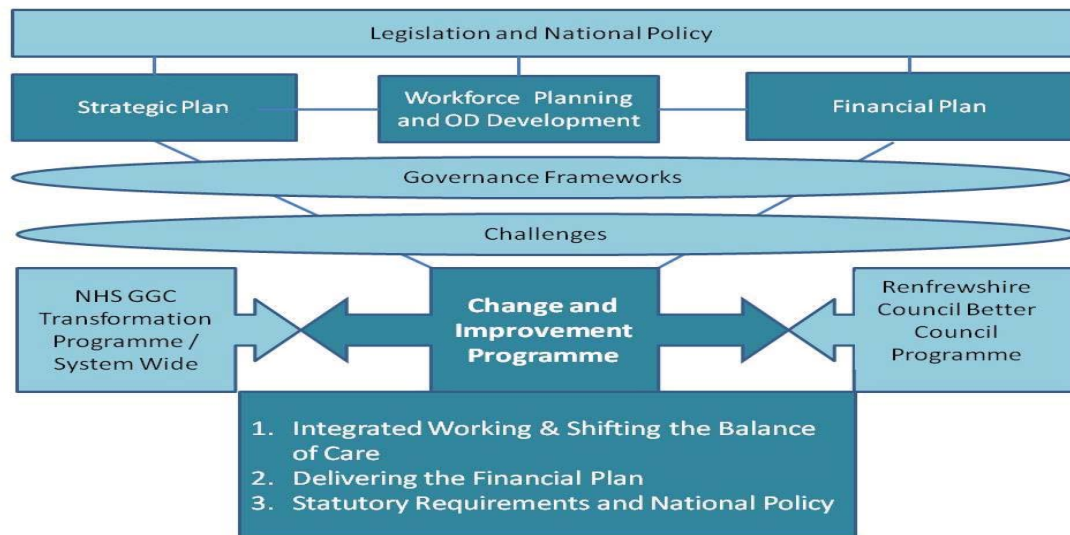

The IJB meet five times per year and comprises eight voting members, made up of four Elected Members appointed by Renfrewshire Council and four Non-Executive Directors appointed by NHS Greater Glasgow and Clyde. Non-voting members include the Chief Officer, Chief Finance Officer, and 3rd sector, professional, carer and staff side representatives.

Renfrewshire IJB Operations for the Year

Change and Improvement Programme

The Change and Improvement Programme was established in support of the IJB's Vision and to enable the delivery of the Strategic, Workforce and Financial Plans and in line with the directions set out in the National Clinical Strategy and Health and Social Care Delivery Plan – see diagram 1. This Programme provides a structured approach to managing and optimising the use of change and improvement approaches.

Diagram 1: Change and Improvement Programme

As illustrated in Diagram 1, the Change and Improvement Programme is being delivered through 3 workstreams:

- **Optimising Joint and Integrated Working and Shifting the Balance of Care** – to proactively develop our health and social care services, exploiting the opportunities joint and integrated working offers and with service redesign being informed by a strategic commissioning approach. This in turn will support the financial sustainability of the Partnership.
- **Delivery of the Financial Plan** – to deliver the approved health and social care savings plans required to address the IJB's budget shortfall in adherence to the IJB's robust financial planning process.
- **Statutory Requirements, National Policy and Compliance** – to ensure the timely delivery of legislative requirements and national policy, whilst managing the wider service, financial and workforce planning implications these present.

The IJB approve this programme on annual basis. Thereafter, regular updates are brought to the IJB to report on progress and to seek approval for any large-scale change and improvement activity, including further savings proposals, to be included within this evolving programme.

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

Highlights from the 2017/18 Change and Improvement Programme include:

- An independent review of Addictions Services which will help inform our change programme over the next three years to ensure our service model is person-centred, and recovery and outcome focused to enable current and future care needs to be met;
- Progressing our joint Unscheduled Care action plan with colleagues in the RAH, as part of the wider NHS GGC Unscheduled Care Programme. It is intended that this work will demonstrate how the HSCP can reduce unscheduled bed day demand on acute services and create a compelling case for resource transfer;
- Since the introduction of new measures to review enhanced observations of patients (within Mental Health) and ensure that therapeutic interventions are delivered where possible, enhanced observation levels have reduced by around a third. The monthly average spend for Months 1 – 8 was £121k, compared to Months 9 - 10 which was an average of £77k. It is anticipated that this downward trend will continue throughout 2018/19 and beyond.
- An objective, focused review to identify service pressures and determine root causes of the drivers and challenges impacting on delivery of Care at Home Services;
- Implementation of the provisions in the Carers Act, which are designed to support carers' health and wellbeing, which largely came into force on 1 April 2018;
- Compliance with the new Duty of Candour regulations which commenced on 1 April 2018. The duty will create a legal requirement for health and social care organisations to inform people (or their families/carers acting on their behalf) when they have been harmed (physically or psychologically) as a result of the care or treatment they have received;
- Implementation of the recommendations arising from the HSCP's recent evaluation of the Self-Directed Support (SDS) system in Renfrewshire;
- Continue to support Renfrewshire GP clusters, including the development of cluster quality improvement plans;
- Service Improvement through the local Diabetes Interface Group which aims to improve the experience and clinical outcomes for people living with diabetes across Renfrewshire; and
- Established a Respiratory Pathways Interface Group to consider 'tests of change' that will impact positively on reducing COPD admissions/bed days. The group will specifically look at improving pathways, promoting self-management and anticipatory care planning.

Service Performance

Renfrewshire HSCP has had a proactive approach to reporting on performance since 2015, with changes in our reporting approach reflecting the IJB's views / preferences on how and what is presented. The 2017/18 Annual Report is available online via the following link: http://www.renfrewshire.hscp.scot/media/6993/Annual-Report-2017-18/pdf/Annual_Report_2017-18.pdf

An overview of our performance for 2017/18 is included below (full year data is not currently available for all performance indicators. Where it is not available data to the latest Quarter has been used).

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

Positive Performance

Breastfeeding

The rate for the number of babies exclusively breast fed at their 6-8 week review remains above target at 21.7% at September 2017 (this is the most recent data available due to NHS GGC Board-wide changes in recording the last two quarters' data are not yet available) against a target of 21.4%.

Alcohol Related Hospital Admissions

The target for alcohol related hospital stays for the period January to December 2017 was 8.3 per 1,000 population aged 16+ (target 8.9). This is the lowest rate achieved since the recording of this indicator in January 2009. This significant improvement reflects the ongoing work in this area.

30-month Assessment Uptake

The uptake of 30-month child assessments increased from 82% at March 2017 to 89% at March 2018, against a target of 80%. This was achieved from the introduction of developments including; increased frequency of clinics, follow up on non-attendance, and sharing good practice across Health Visiting teams.

Within this group, 83% of infants achieved their developmental milestones, an increase of 4% on the 2017 figure. For children where difficulties are identified, an intervention pathway is in place to support behavioural and communication needs.

Areas for Improvement

Alcohol Brief Interventions (ABIs)

Performance on ABIs at the end of Quarter 4 2017/18 was 549 completed compared to 779 for the same period in 2016/17. In order to improve performance rather than focusing on primary care we are now targeting the wider community. A baseline indicator will be established for this indicator once the full 2017/18 data is available, with a target then set for 2018/19.

Despite a significant amount of training in this area, it has not resulted in an increase in the number of ABIs carried out. In line with other areas in NHS GGC, we are looking at a dedicated resource to focus on these areas.

Alcohol and Drugs Waiting Times for Referral to Treatment - % seen within 3 weeks

The most recent data available shows that alcohol and drugs waiting times have decreased from 96.2% at March 2017 to 78.1% at March 2018 against a target of 91.5%. In line with our improvement strategy, the core drug service has now recruited a nursing post which will increase the capacity of assessment appointments. This will be further enhanced with additional nurse bank hours to clear the backlog of assessments. The outcome of the review of addiction services will be published shortly and a work plan will be developed in line with its recommendations.

Mental Health Waiting Times

Since 2016/17 performance has deteriorated in relation to the percentage of Primary Care Mental Health Team patients referred to first appointment within 4 weeks from 95% at March 2017 to 79% at March 2018 against a target of 100%.

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

Various factors have adversely affected performance in this area including:

- increase in the number of referrals during February and March 2018
- increase in the number of short term sickness absences

However, despite the above, 98% of patients referred for first treatment appointments were offered appointments within 9 weeks; an increase from 96% for the 2016/17 year against the target of 100%.

Paediatric Speech and Language Therapy Waiting Times-Assessment to Appointment

The percentage of children seen within 18 weeks for paediatric Speech and Language Therapy assessment to appointment has increased from 47% at March 2017 to 73% at March 2018. This target remains challenging and although there has been a substantial increase, performance is still below the 95% target. This improvement reflects robust caseload management, and the launch of new 'Drop in Clinics', offering direct access to support and advice.

Sickness Absence

NHS sickness absence is measured as a percentage with a target of 4%. Performance in 2017/18 was 5.5%, a slight reduction since March 2017 when the rate was 5.6%.

Renfrewshire Council's sickness absence is recorded as the number of work days lost per full time equivalent (FTE) employee. At March 18 the rate was 4.34 days against a target of 2.36 days, an increase on the rate of 3.65 days in March 2017.

There are a number of plans in place to address the ongoing sickness absence challenges. These include:

- A Council review of current attendance policies in collaboration with trade unions. Human Resource (HR) Operational Teams continue to proactively advise and support managers, particularly in teams where absence rates are high; and
- Ongoing health improvement activities and support through Healthy Working Lives (HWL), aimed at raising employee awareness of health issues.

Adult Service Inspection

On 18 April 2018, The Care Inspectorate and Healthcare Improvement Scotland published their findings from the inspection in their report 'Joint Inspection (Adults) the Effectiveness of Strategic Planning in Renfrewshire'. The report highlights that Renfrewshire Health and Social Care Partnership are making significant progress on improving residents' health and social care services, it also concurs with the partnerships self-assessment and evaluated the Quality Indicators as Level 4 – Good. In advance of the inspection, the partnership was advised that Quality Indicator 9 Leadership and direction that promotes partnership would not be given a formal grade, however, a number of very positive comments on this indicator have been included within the report.

In relation to financial planning, the inspectors observed that 'positive and trusting relationships exist between the IJB members and the Joint Chief Officer and Joint Chief Financial Officer'. The report noted the partnership's good level of understanding of local needs and pressures, and highlighted that the financial plan includes a refined approach to identifying savings proposals. The IJB's reserves strategy included as part of the IJB's financial planning, which aims to ensure the partnership maintains an adequate level of reserves to address unforeseen circumstances, was commended as sound financial

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

planning. However, it was noted due to the level of reserves used in 2017/18 to break even and the budget gap going forward, it will be challenging to achieve.

Renfrewshire IJBs Strategy and Business Model

Strategic Plan

We have completed our year 2 review of the three-year Strategic Plan for 2016-19. Good progress has been made across the 9 national health and wellbeing outcomes. Early work has commenced on our next 3 year Strategic Plan for 2019-22. A planning session with partners and staff is arranged for early June 2018 to agree the format of the Plan. As part of our planning process we will focus on having greater alignment with our Financial Plan and we will be clear on the challenges ahead due to increasing demand against a backdrop of constrained resources. Through our Strategic Planning Group, we will involve partners to develop our new Plan with prevention, early intervention and addressing health inequalities high on the agenda. We will ensure our Strategic Plan takes account of national strategies and legislation, regional planning, the Council's Plan, the Community Plan and NHS Greater Glasgow and Clyde's Moving Forward Together programme.

Our three strategic priorities are:

- Improving health and wellbeing;
- The Right Service, at the Right Time, in the Right Place; and
- Working in Partnership to Treat the Person as well as the Condition.

Examples of areas included within these priorities are:

- Supporting people to take control of their own health and wellbeing so they maintain their independence and improve self-care where possible;
- Supporting the Renfrewshire Tackling Poverty Programme through a range of specific programmes;
- Targeting our interventions and resources to narrow inequalities and build strong resilient communities;
- Delivering on our statutory duty to protect and support adults and children at risk of harm;
- Continuing to adapt and improve our services by learning from all forms of patient and service users' feedback; and
- Supporting the health and wellbeing of carers to allow them to continue to provide crucial care.

In pursuit of our vision we work to deliver on the 9 national health and social care outcomes:

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

Outcome 1:	People are able to look after and improve their own health and wellbeing and live in good health for longer
Outcome 2:	People, including those with disabilities or long-term conditions, or who are frail, are able to live, as far as reasonably practicable, independently and at home or in a homely setting in their community
Outcome 3:	People who use health and social care services have positive experiences of those services, and have their dignity respected
Outcome 4:	Health and social care services are centred on helping to maintain or improve the quality of life of people who use those services
Outcome 5:	Health and social care services contribute to reducing health inequalities
Outcome 6:	People who provide unpaid care are supported to look after their own health and wellbeing, including to reduce any negative impact of their caring role on their own health and wellbeing
Outcome 7:	People using health and social care services are safe from harm
Outcome 8:	People who work in health and social care services feel engaged with the work they do and are supported to continuously improve the information, support, care and treatment they provide
Outcome 9:	Resources are used effectively and efficiently in the provision of health and social care services

Market Facilitation

The Scottish Government requires Integration Joint Boards to produce Market Facilitation Plans or Statements to support the objectives of their Strategic Plans as part of a core suite of strategic documents.

Market facilitation aims to inform, influence and adapt service delivery to offer a diverse range of sustainable, effective and quality care so people can access the right services for themselves and their families at the right time and in the right place.

Our Market Facilitation Plan will link to our existing Strategic Plan 2016-2019 and be aligned to our Strategic Plan for 2019-22. It will help inform financial planning and ultimately how we allocate our resources moving forward. This will include the decommissioning of ineffective or outdated service models, replacing them with person centred, more outcome-based services.

Population projections show the percentage of the population in older age groups is due to rise, with an expected increase of over 70% for those aged 75+, from 8% in 2014 to 13% in 2039. The size and make-up of the population going forward will be a key consideration when planning and delivering Renfrewshire's health and social care services. It will also provide an insight into the changes in the health and care needs of the population of Renfrewshire and the future shape of services that need to be developed and delivered to meet those changing needs.

Financial Performance 2017/18

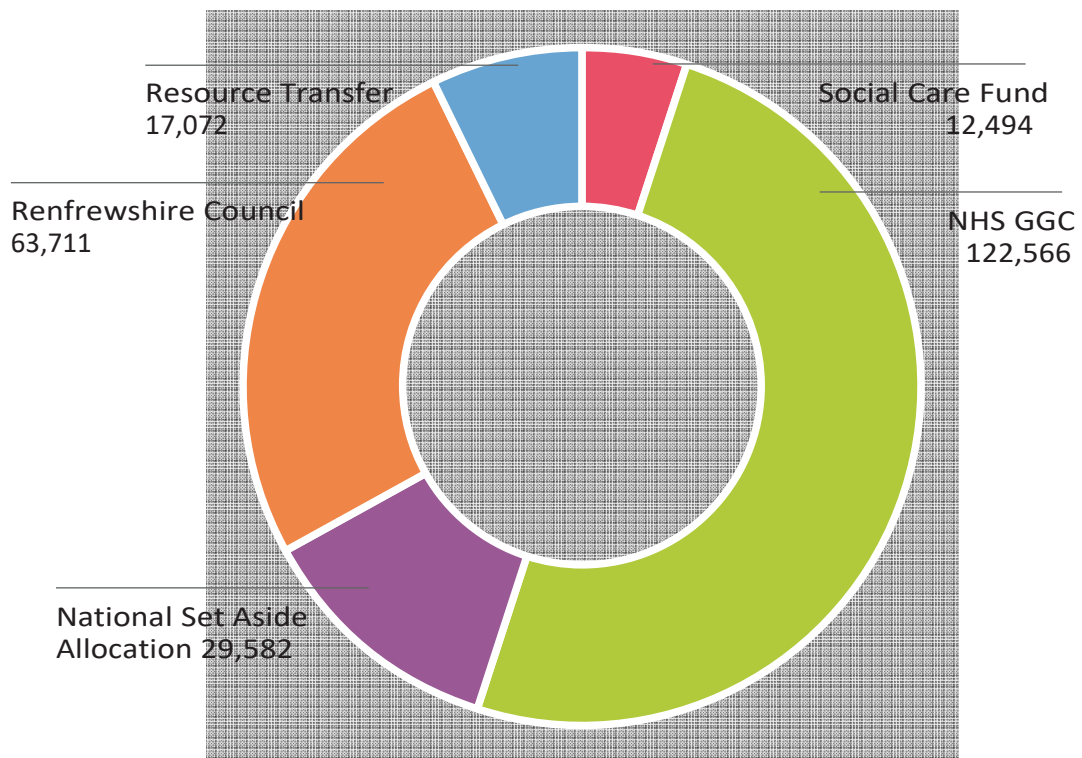

The financial position for public services continues to be challenging, with the IJB operating within ever increasing budget restraints and pressures which were reflected in the IJB's Financial Plan and regular monitoring reports by the CFO to the IJB. This also requires the IJB to have robust financial arrangements in place to deliver services within the funding available in year as well as planning for 2018/19.

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

Resources Available to the IJB 2017/18

The resources available to the IJB in 2017/18 to take forward the commissioning intentions of Renfrewshire Health and Social Care Partnership in line with the Strategic Plan totalled £245.425m (not including reserves of £5.494m). The chart below provides a breakdown of where this funding came from:

Funding Sources in 2017/18

Included within the funding available is a 'Large Hospital Services' (Set Aside) budget totalling £29.582m. This is a notional allocation in respect of those functions delegated by the health board which are carried out in a hospital within the health board area. The IJB is responsible for the strategic planning of these services but not their operational delivery.

Over recent financial years a number of pressures on health and social care services have had to be addressed within reduced levels of public sector funding. These pressures include:

- The move to the Scottish Living Wage;
- Increasing 'employer' costs due to: the introduction of the Apprenticeship Levy; increases in national insurance contributions and costs associated with the new requirement for all new starts to be automatically enrolled in pension schemes.
- Increasing costs of medication; and
- Impact of: an ageing population; increased number of people with dementia and an increase in the number of people with complex needs.

In order to facilitate transformational change, additional funding was provided by the Scottish Government to support integration and the focus on shifting the balance of care to

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

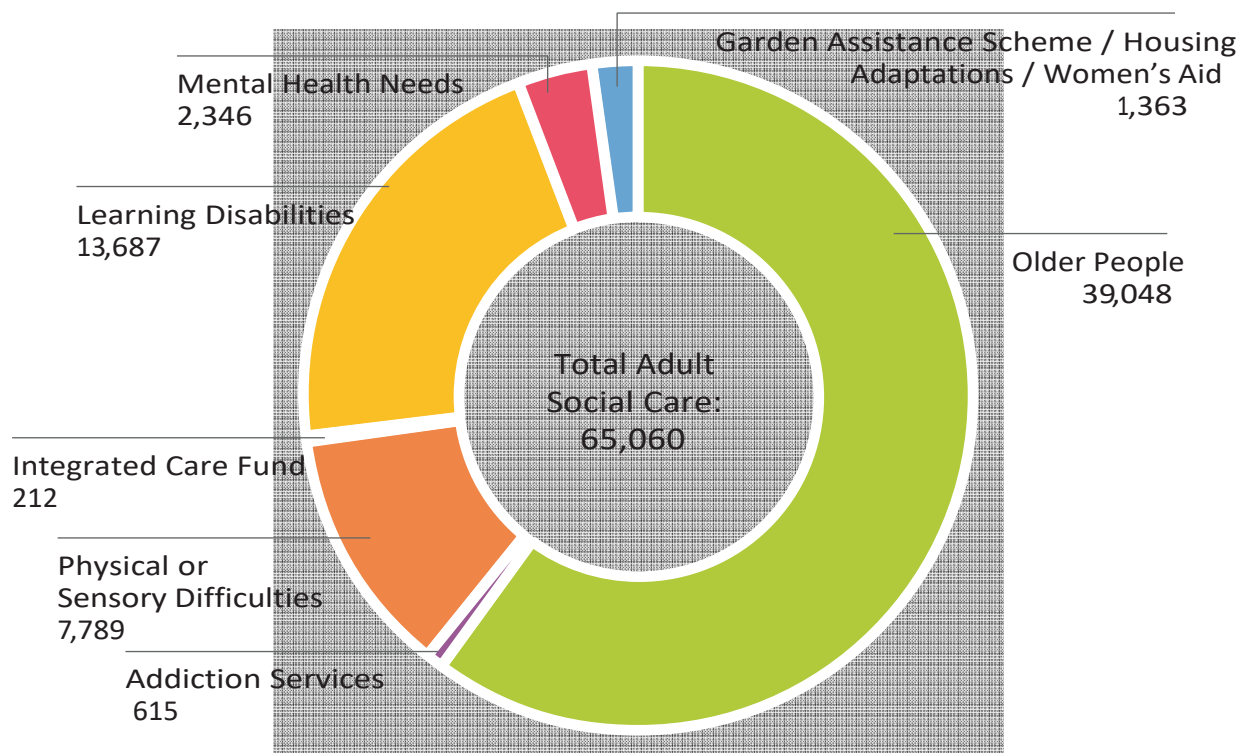

community-based services. In 2016/17, the Scottish Government directed £250m from the national health budget to Integration Authorities for Social Care, and in 2017/18 a further £110m was allocated on the same basis. Renfrewshire IJB's share of this funding was c£12.5m, which was allocated to a range of adult social care services including: the payment of the living wage for all adult social care workers; reducing the level of charges to service users; investment in the Care at Home service and meeting the costs of increasing demand across all areas.

Summary of Financial Position

Budget Monitoring throughout 2017/18 has shown the IJB projecting a break-even position inclusive of the planned draw down of reserves and, the transfer of specific ring-fenced monies (including Scottish Government funding for Health Visitors and the Primary Care Improvement Fund) and agreed commitments to earmarked reserves. At the close of 2017/18, as planned, the IJB drew down £2.052m from reserves to deliver the breakeven position. This leaves an overall reserves balance of £3.442m, of which £2.5m is ring-fenced or earmarked for specific commitments in 2018/19. The balance of £930k will be carried forward as a general contingency to manage unanticipated budget pressures in future years in support of our Strategic Plan priorities.

Delegated Council Services

The diagram, below, shows the final outturn position for delegated Council services for Renfrewshire HSCP in 2017/18:

Throughout 2017/18, the Chief Finance Officer's budget monitoring reports to the IJB forecast a breakeven position drawing down the planned use of general reserves (£1.5m) and the flexible use of the £4.4m additional resources made available by Renfrewshire

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

Council, of which £2.7m was utilised in year. The final outturn position, inclusive of the draw down of reserves and net of the ear marked reserves of £484k, was a breakeven. Recognising the use of general reserves in 2017/18, the balance of additional resources made available from Renfrewshire Council remains available to the IJB on a recurring basis moving into 2018/19, supporting the financial sustainability of services.

The main broad themes of the year end position are:

- An underspend of £174k in Older People services mainly in relation to vacancies within HSCP managed Local Authority Care Homes due to staff turnover and occupancy levels. This underspend offset the continued pressure within the Care at Home service reflecting a growing elderly population who are living longer with more complex needs. Despite additional recurring resources of £747k allocated from Renfrewshire Council's additional budget made available in 2017/18, along with the draw down from reserves of £1.519m the year end position of Care at Home was an overspend of £427k;
- An underspend in Learning Disabilities of £434k, and in Addictions of £174k, mainly due to a number of vacant posts and the current client profile of care packages within these areas; and
- An overspend in Physical Disabilities of £526k mainly due to increasing demand, Living Wage associated costs, and, the growing impact of SDS.

In order to fund short term non-recurring restructuring costs of the Care at Home Service throughout the first quarter of 2018/19, and costs relating to the requirement to replace the SWIFT Adult Social Care ICT system, an additional £484k was drawn down (from the resources made available by Renfrewshire Council as part of their 2017/18 budget allocation) at the year end and moved to earmarked reserves. The remaining balance of c£1.6m will be carried forward as a non-recurring balance by Renfrewshire Council to be made available to the HSCP in 2018/19.

The graph, below, summarises the year end variances per client group for all delegated Council services.

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

Health Budget

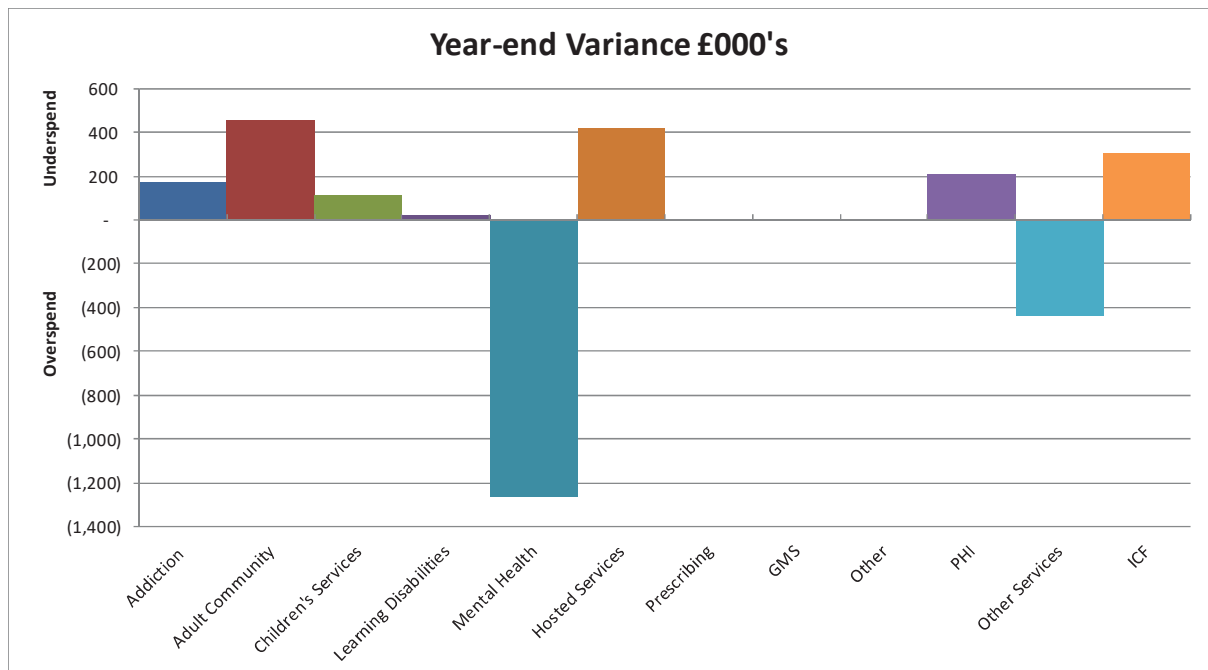

The diagram, below, shows the final outturn position across each delegated Health service client group for Renfrewshire HSCP in 2017/18:

Delegated Health Spend 2017/18, £000s

Addiction Services	2,495	GMS	24,222
Adult Community Services	8,565	Other	21,234
Children's Services	5,206	Planning and Health Improvement	1,044
Learning Disabilities	1,148	Other Services	2,372
Mental Health	20,297	Resource Transfer	17,043
Hosted Services	10,109	Set Aside	29,582
Prescribing	36,271	Integrated Care Fund	2,829

The graph, below, summarises the year end variances per client group for all delegated Health services.

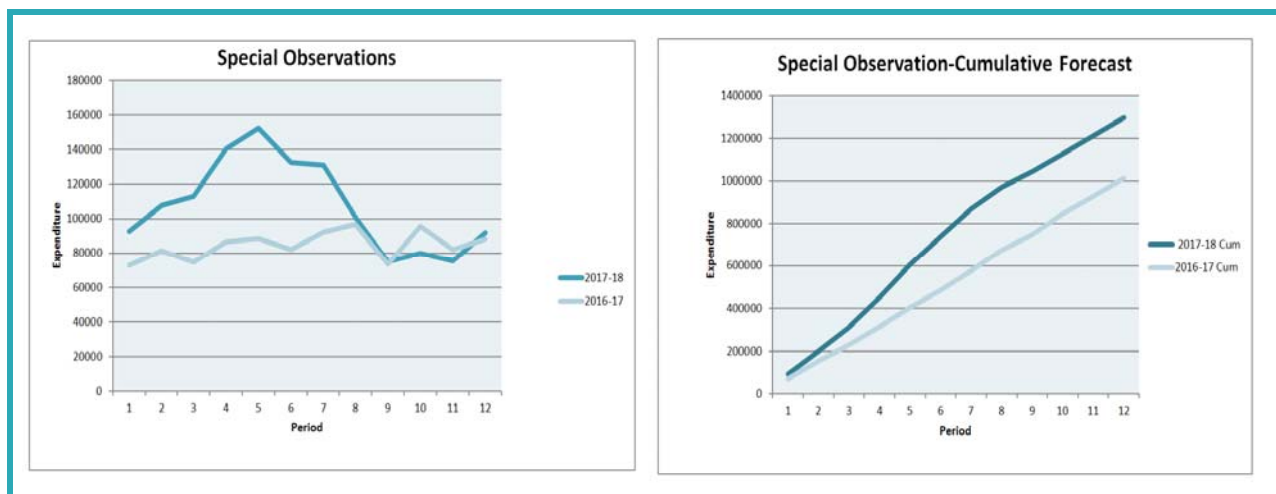

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

A breakeven position was reported to the IJB throughout 2017/18 (subject to the planned drawdown of general reserves and transfer of ring fenced balances at the year-end to ear marked reserves). The final outturn position, inclusive of the draw down of reserves and net of the ear marked reserves of £2.028m, was a breakeven. The main broad themes of the year end position are:

- An underspend of £458k in Adult Community Services due to turnover across the Rehabilitation and District Nursing services, and an underspend in relation to external charges for Adults with Incapacity (AWI) bed usage;
- Underspends within Addiction Services, Planning and Health Improvement, the Integrated Care Fund and Children’s Services reflecting staff turnover including planned vacancies in respect of the reduction in Speech and Language Therapy funding from 2018/19, and use of non-recurring monies to maximise the transfer to ear marked reserves; and
- An underspend of £418k in Renfrewshire Hosted Services due to vacant administrative posts in the Primary Care screening service, and an underspend within Podiatry due to a combination of staff turnover and maternity/unpaid leave, some of which were covered by bank staff.

These underspends offset the overspend in Mental Health Services of c£1.3m due to the significant costs (overtime, agency and bank costs) associated with patients requiring enhanced levels of observation across all ward areas. The IJB inherited significant financial pressures with regards to meeting the costs associated with enhanced observations. Historically there was no budget in place to meet these costs, which were previously managed from slippage and underspends in other budgets across the whole former Health budget. The IJB’s requirement to deliver year on year recurring savings means there is now limited slippage from which we can fund the costs. Over 2017/18 this pressure created an overspend of (c£1.3m).

The graphs, below, summarise the fluctuation in enhanced observation costs over the past 2 years. In 2017/18 spend increased by £278k from £1.015m in 2016/17 to £1.293m for 2017/18.

Given the significant budget gap to be met for 2018/19, the Chief Officer and Chief Finance Officer worked with the Senior Management Team on a number of cost containment programmes through the final quarter of 2017/18 to enable ear marked reserves to be

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

created to meet specific commitments in 2018/19. In addition, in order to fund the continuing pressure associated with enhanced observations, base budget realignments from other areas of the HSCP budget were identified as part of the overall HSCP 18/19 budget realignment exercise, (as requested by the IJB), and transferred to Mental Health to create a recurring budget to fund these costs.

Going forward into 2018/19 the main pressure on the delegated Health budget is likely to be on Prescribing as the current risk sharing arrangement across NHSGGC ceased on 31 March 2018. The main challenge to the prescribing budget relates to additional premiums paid for drugs on short supply, along with the impact of increased volumes and general price increases.

In preparing the 2017/18 financial statements the treatment of Hosted Services has changed. The full cost of these services is now reflected in our financial accounts and are no longer adjusted to reflect activity to/for other IJB's within the Greater Glasgow and Clyde area. This change is fully explained in Note 2 to the Accounts: Critical Judgements and reflects our responsibility in relation to service delivery and the risk associated with it.

The services hosted by Renfrewshire are identified in the table below which includes expenditure for 2017/18 and the value consumed by other IJB's within Greater Glasgow and Clyde.

Host	Service	Actual Net Expenditure to Date	Consumed by other IJB's
Renfrewshire	Podiatry	6,235,691	5,357,082
Renfrewshire	Primary Care Support	3,873,082	3,330,850
TOTAL		10,108,773	8,687,932

The services which are hosted by the other IJB's on behalf of the other IJB's including Renfrewshire are detailed in the table overleaf. This table also includes expenditure in 2017/18 and the value consumed by Renfrewshire IJB.

Host	Service	Actual Net Expenditure to Date	Consumed by Renfrewshire IJB's
East Dunbartonshire	Oral Health	£10,094,336	£1,470,745
TOTAL		£10,094,336	£1,470,745

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

Future Challenges

Looking into 2018/19 and beyond, it is anticipated that the public sector in Scotland will continue to face a very challenging short and medium term financial outlook. There is significant uncertainty over what the scale of this likely reduction in available funding will be. It is therefore important to be clear that within the current models of working, the reducing budgets available will require further recurring savings to be made.

Taking into account a range of scenarios, current projections for the period 2018/19 to 2020/21 include a wide range of assumptions in respect of key cost pressures and demand highlighting a potential budget gap for the HSCP within a range of £16m to £21m for this period. Subject to clarification over the coming months and years, the Chief Finance Officer recommends that the IJB adopts a financial planning assumption to deliver savings of up to £6.4m per annum in the years 2018/19-20/21.

The current budget gap does not take into account potential additional funding for any pressures from either the Scottish Government or our partner organisations. In addition, it does not include potential costs in relation to:

- Changes to the GP Contract;
- Impact of the Carers Scotland Act (2016);
- Impact of the extension of free personal care to adults under the age of 65; and
- Unintended consequences of our partner organisation's changes in activity from 2018/19 onwards.

An ongoing assessment and update of key assumptions will be required to ensure the IJB is kept aware of any significant changes, especially where there is an indication of an increased projection of the current gap.

Risks and Uncertainties

In addition, there remain wider risks which could further impact on the level of resources made available to the Scottish Government including, the changing political and economic environment, within Scotland, the UK, and wider. This will potentially have significant implications for Renfrewshire IJB's parent organisations, and therefore the delegated Health and Adult Social Care budgets.

There are number of key strategic risks and uncertainties for the IJB:

- The impact of Brexit on the IJB is not currently known;
- The Scottish Government response to Brexit and the possibility of a second independence referendum creates further uncertainty;
- Complexity of the IJB governance arrangements has been highlighted by Audit Scotland as an ongoing concern, in particular the lack of clarity around decision making;
- A shortage of key professionals including General Practitioners, District Nurses, Mental Health Officers, Psychologists and Care@Home Staff are a current recruitment and retention challenge for Renfrewshire HSCP. Potential impacts include negative effect on:
 - the sustainability of, access to, and quality of, services;
 - the resilience and health of our existing workforce as they attempt to provide the required level of services with reduced resources; and
 - the additional cost of using bank and agency staff.

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

- In Renfrewshire the health inequalities between the affluent and more deprived areas and the wider challenge of deprivation, housing and employment.

The most significant financial risks facing the IJB are set out below:

- The Health Board is required to determine an amount set aside for integrated services provided by large hospitals. In 2016/17 and 2017/18, this did not operate fully as the guidance required. The set aside budget for 2018/19 has not yet been confirmed by NHS GGC; in addition, there are a number of risks associated with the set aside budget which may mean we will not be able to deliver the Scottish Government's expectations in relation to the commissioning of set aside services.
- From 2018/19, the current risk sharing arrangement with NHS GGC for prescribing will change. This creates a new risk for IJBs as the increased costs of drugs, that have a short supply, is projected to create an additional financial pressure over 2018/19 in the region c£0.85m to c£1.7m.
- A number of new statutory requirements such as the Carers Act, the Living Wage and the National Dementia Strategy are anticipated to create additional financial pressures for the Renfrewshire IJB over 2018/19, some of which cannot yet be fully quantified. Without raising eligibility criteria to manage demand for services, any required funding will need to be redirected from other sources.
- Investment in Digital technology is required, creating a further financial pressure. The Health and Social Care Delivery Plan identifies digital technology as key to transforming social care services so that care can be more citizen centred. Furthermore, the current social care management system requires to be replaced within the next three years and all telecare equipment (used to support our most vulnerable service users in their home) must be upgraded from analogue to digital by 2025. These developments alone are projected to create a pressure of circa £2m.
- Further cost pressures may emerge during 2018/19 that are not yet projected or provided for within either partner's 2018/19 Financial Plan, nor the resources delegated to the IJB.
- Given recent market failures within the national Care at Home and Care Home provider sectors, which have had a direct impact on our local service provision, there is a risk that further market failure would result in additional costs as alternative supply is transitioned to new providers.

Renfrewshire's Financial Planning Strategy

Given this budget gap, going forward we need to consider what type and level of service is required, and can safely and sustainably be delivered. We must continue to strive to deliver both a balanced budget and accessible, high quality and safe services. After many years of budget reductions, it is fair and reasonable to state that these dual objectives cannot be assured.

The Chief Officer, Chief Finance Officer and the HSCP Senior Management Team will work with key stakeholders to continue to critically appraise and challenge current models of service delivery to ensure resources are focused on areas of greatest need delivering the best outcomes to clients. Almost all the delegated services we manage have already been subject to constructive review and redesign over recent times with productivity gains and cost efficiencies taken from every service, using where available evidence of best and safe practice, and evidence of effective service models. There are few remaining areas to apply this scrutiny to.

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

The IJB’s three-year Financial Plan reflects the economic outlook beyond 2018/19, adopting a strategic and sustainable financial plan linked to the delivery of priorities in our Strategic Plan. These strategic priorities will continue to provide a focus for future budget decisions, where the delivery of core services must be balanced with the resources available.

Our Financial Plan, underpinned by a robust financial planning process, focuses on a medium-term perspective centred on financial sustainability, acknowledging the uncertainty around key elements including the potential scale of savings required and the need to redirect resources to support the delivery of key priorities. In addition, where feasible it is important that we work towards creating sufficient reserves to protect it during the course of the financial year.

To deliver the Financial Plan a medium term financial strategy has been developed, with key strands set out below:

Financial Planning Strand	Priority over 2018/19
Prevention and Early Intervention	<p>Continuing the shift towards prevention and early intervention services to promote positive outcomes, tackling inequalities in society and creating savings in high cost, reactive and resource intensive services by intervening earlier to prevent issues arising in the first place, or where the problem is not preventable, to reduce cost and the need for intervention.</p> <p>Examples include:</p> <ul style="list-style-type: none"> • Investment in services to support people to live independently including the Community alarm and responder service; Care at Home, RES Service and Occupational Therapy equipment and adaptations services which enable people to undertake daily living activities more independently and support informal carers to continue their caring role. • Partnership initiatives to promote smoking cessation, active lifestyles, alcohol brief interventions and breast feeding; and • Commissioning a number of third sector providers to deliver early intervention services including ROAR, Food Train, Carers Centre.
Strategic Planning and Commissioning	<p>We are committed to proactively ‘transforming’ our health and social care services, exploiting the opportunities integrated working offers with service redesign. This will inform the IJB’s Market Facilitation Plan and Strategic Plan. This approach must be balanced with the immediate demands to reduce costs where this is safe to do so given budget pressures.</p>
Financial Planning Process	<p>To support the delivery of our Financial Plan, we have established a robust and inclusive financial planning process to ensure:</p> <ul style="list-style-type: none"> • our parent organisations, professional leads, staff and other key stakeholders are actively engaged with their views taken into account; • all Service Reviews, and associated saving proposals, are conducted within the context of our Strategic and Market Facilitation Plans.
Current and future pressures	<p>We seek to continuously manage and monitor financial pressures such as the impact of new legislation; demographic changes and the economy. CFO will keep the IJB and Parent Organisations sighted on these pressures; their impact on the in-year financial position and any associated assumptions for future budget projections.</p>
Change and Improvement Programme	<p>The 2018/19 Programme provides a structured approach to ensure we manage change activity across the HSCP in a timely, inclusive and effective manner to support the delivery of our strategic, financial and statutory objectives.</p>
NHSGGC and Partner IJBs system-wide	<p>We recognise the importance of system wide working to support ‘shifting the balance of care’; allowing best use of our limited resources and offering greater consistency in professional care standards. Renfrewshire</p>

Statement of Responsibilities

Responsibilities of the Integration Joint Board

The IJB is required to:

- Make arrangements for the proper administration of its financial affairs and to ensure that the proper officer of the board has responsibility for the administration of those affairs (section 95 of the Local Government (Scotland) Act 1973). In this authority, that officer is the Chief Financial Officer.
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets.
- Ensure the Annual Accounts are prepared in accordance with legislation (The Local Authority Accounts (Scotland) Regulations 2014), and so far as is compatible with that legislation, in accordance with proper accounting practices (section 12 of the Local Government in Scotland act 2003).
- Approve the Annual Accounts.

I confirm that these Annual Accounts were approved for signature at a meeting of Renfrewshire IJB held on 14 September 2018.

Signed on behalf of Renfrewshire IJB

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

Responsibilities of the Chief Financial Officer

The Chief Financial Officer is responsible for the preparation of the IJB's Annual Accounts in accordance with proper practices as required by legislation and as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Accounting Code).

In preparing the Annual Accounts, the Chief Financial Officer has:

- selected suitable accounting policies and then applied them consistently
- made judgements and estimates that were reasonable and prudent
- complied with legislation
- complied with the local authority Code (in so far as it is compatible with legislation)

The Chief Financial Officer has also:

- kept proper accounting records which were up to date
- taken reasonable steps for the prevention and detection of fraud and other irregularities

I certify that the financial statements give a true and fair view of the financial position of Renfrewshire IJB as at 31 March 2018 and the transactions for the year then ended.

Remuneration Report

The Local Authority Accounts (Scotland) Regulations 2014 (SSI No. 2014/200) require local authorities and IJB's in Scotland to prepare a Remuneration Report as part of the annual statutory accounts.

The information in the tables below is subject to external audit. The explanatory text in the Remuneration Report is reviewed by the external auditors to ensure it is consistent with the financial statements.

Voting Board Members

Voting IJB members constitute councillors nominated as board members by constituent authorities and NHS representatives nominated by the NHS Board. The voting members of the Renfrewshire IJB were appointed through nomination by NHSGGC and Renfrewshire Council.

Voting board members do not meet the definition of a 'relevant person' under legislation. However, in relation to the treatment of joint boards, Finance Circular 8/2011 states that best practice is to regard Convenors and Vice-Convenors as equivalent to Senior Councillors. The Chair and the Vice Chair of the IJB should therefore be included in the IJB remuneration report if they receive remuneration for their roles. For Renfrewshire IJB, neither the Chair nor Vice Chair receives remuneration for their roles.

The IJB does not pay allowances or remuneration to voting board members; voting board members are remunerated by their relevant IJB partner organisation.

The IJB does not have responsibilities, either in the current year or in future years, for funding any pension entitlements of voting IJB members. Therefore, no pension rights disclosures are provided for the Chair or Vice Chair. For 2017/18 no voting member received any form or remuneration from the IJB.

There were no exit packages payable during the financial year.

Officers of the IJB

The IJB does not directly employ any staff in its own right; however specific post-holding officers are non-voting members of the Board.

Under section 10 of the Public Bodies (Joint Working) (Scotland) Act 2014 a Chief Officer for the IJB has to be appointed and the employing partner has to formally second the officer to the IJB. The employment contract for the Chief Officer adheres to the legislative and regulatory framework of the employing partner organisation (NHSGGC). The remuneration terms of the Chief Officer's employment were approved by the IJB.

No other staff are appointed by the IJB under a similar legal regime. Other non-voting board members who meet the criteria for disclosure are included in the table below:

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

Total Earnings 2016/17 £	Name and Post Title	Salary, Fees & Allowances £	Compensation for Loss of Office £	Total Earnings 2017/18 £

81,844	S Lavers Chief Financial Officer, Renfrewshire IJB	84,949	-	84,949

Pension Benefits

In respect of officers' pension benefits the statutory liability for any future contributions to be made rests with the relevant employing partner organisation. On this basis, there is no pensions liability reflected on the IJB balance sheet for the Chief Officer or the Chief Finance Officer.

The IJB however has responsibility for funding the employer contributions for the current year in respect of the officer time spent on fulfilling the responsibilities of their role on the IJB. The following table shows the IJB's funding during the year to support officers' pension benefits. The table also shows the total value of accrued pension benefits which may include benefits earned in other employment positions and from each officer's own contributions.

Annual Governance Statement

Scope of Responsibility

The Annual Governance Statement explains the IJB's governance arrangements and reports on the effectiveness of the IJB's system of internal control.

The Integration Joint Board (IJB) is responsible for ensuring that its business is conducted in accordance with the law and appropriate standards, that public money is safeguarded, properly accounted for, and used economically, efficiently and effectively to secure best value.

To meet this responsibility the IJB has established arrangements for governance which includes a system of internal control. The system is intended to manage risk to support the achievement of the IJB's policies, aims and objectives. Reliance is also placed on the NHSGGC and Renfrewshire Council systems of internal control which support compliance with both organisations' policies and promotes achievement of each organisation's aims and objectives, as well as those of the IJB.

This system can only provide reasonable and not absolute assurance of effectiveness.

Governance Framework and Internal Control System

The Board of the IJB comprises voting members, nominated by either Renfrewshire Council or NHSGGC, as well as non-voting members including a Chief Officer appointed by the Board.

The main features of the governance framework in existence during 2017/18 were:

- The IJB is formally constituted through the Integration Scheme agreed by Renfrewshire Council and NHSGGC and approved by Scottish Ministers.
- A Local Code of Corporate Governance was approved by the IJB early in 2017. Board members adhere to an established Code of Conduct and are supported by induction and ongoing training and development.
- The overarching strategic vision and objectives of the IJB are detailed in the IJB's Strategic Plan which sets out the key outcomes the IJB is committed to delivering with its partners.
- The Strategic Planning Group sets out the IJB's approach to engaging with stakeholders. Consultation on the future vision and activities of the IJB is undertaken with its health service and local authority partners. The IJB publishes information about its performance regularly as part of its public performance reporting.
- Effective scrutiny and service improvement activities are supported by the formal submission of reports, findings and recommendations by Audit Scotland, the external auditors, Inspectorates and the appointed Internal Audit service to the IJB's Senior Management Team and the main Board and Audit Committee, as appropriate.
- The HSCP has a robust Quality, Care and Professional Governance Framework and supporting governance structures which are based on service delivery, care and interventions that are: person centred, timely, outcome focused, equitable, safe, efficient and effective. This reported annually to the IJB, and provides a variety of evidence to demonstrate the delivery of the core components within Renfrewshire HSCP Quality, Care and Professional Governance Framework and the Clinical and Care Governance principles specified by the Scottish Government.

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

- The HSCP has an Organisation Development and Service Improvement Strategy developed in partnership with its parent organisations. Progress, including an updated on the Workforce Plan, is reported annually to the IJB
- The IJB follows the principles set out in CoSLA's Code of Guidance on Funding External Bodies and Following the Public Pound for both resources delegated to the Partnership by the Health Board and Local Authority and resources paid to its local authority and health service partners.
- The IJB's approach to risk management is set out in its Risk Management Strategy, and the Corporate Risk Register. Regular reporting on risk management is undertaken through regular reporting to the Senior Management Team and annually to the IJB Audit Committee.

The governance framework described operates on the foundation of internal controls, including management and financial information, financial regulations, administration, supervision and delegation. During 2017/18 this included the following:

- Performance management, monitoring of service delivery and financial governance is provided by the Health and Social Care Partnership to the IJB who are accountable to both the Health Board and the Local Authority. It reviews reports on the effectiveness of the integrated arrangements including the financial management of the integrated budget.
- The IJB operates within an established procedural framework. The roles and responsibilities of Board members and officers are defined within Standing Orders and Scheme of Administration, Contract Standing Orders, Scheme of Delegation, Financial Governance arrangements; these are subject to regular review.
- Scottish Government approved Renfrewshire's revised Integration Scheme which was updated to reflect the provisions in the Carers (Scotland) Act 2016 to be delegated to the IJB from 1 April 2018.

Roles and Responsibilities

The Chief Officer is the Accountable Officer for the IJB and has day-to-day operational responsibility to monitor delivery of integrated services, other than acute services, with oversight from the IJB.

The IJB complies with the CIPFA Statement on "The Role of the Chief Financial Officer in Local Government 2010". The IJB's Chief Finance Officer has overall responsibility for the Partnership's financial arrangements and is professionally qualified and suitably experienced to lead the IJB's finance function and to direct finance staff.

The Partnership complies with the requirements of the CIPFA Statement on "The Role of the Head of Internal Audit in Public Organisations 2010". The IJB's appointed Chief Internal Auditor has responsibility for the IJB's internal audit function and is professionally qualified and suitably experienced to lead and direct internal audit staff. The Internal Audit service operates in accordance with the CIPFA "Public Sector Internal Audit Standards 2017".

Board members and officers of the IJB are committed to the concept of sound internal control and the effective delivery of IJB services. The IJB's Audit Committee will operate in accordance with CIPFA's Audit Committee Principles in Local Authorities in Scotland and Audit Committees: Practical Guidance for Local Authorities.

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

The Audit Committee's core function is to provide the IJB with independent assurance on the adequacy of the risk management framework, the internal control environment and the integrity of the financial reporting and governance arrangements.

Review of Adequacy and Effectiveness

The IJB has responsibility for conducting at least annually, a review of effectiveness of the system of internal control. The review is informed by the work of the Senior Management Team (who have responsibility for the development and maintenance of the internal control framework environment), the work of the internal auditors and the Chief Internal Auditor's annual report, and reports from external auditors and other review agencies and inspectorates.

The review of the IJB's governance framework is supported by a process of self-assessment and assurance certification by the Chief Officer. The Chief Officer completes "Self-assessment Checklists" as evidence of review of key areas of the IJB's internal control framework, these assurances are provided to Renfrewshire Council and NHSGGC. The Senior Management Team has input to this process through the Chief Finance Officer. In addition, the review of the effectiveness of the governance arrangements and systems of internal control within the Health Board and Local Authority partners places reliance upon the individual bodies' management assurances in relation to the soundness of their systems of internal control. There were no significant internal control issues identified by the review. However, it should be noted that there was a delay in the 2017/18 health budget being approved before the start of the financial year as a consequence of the IJB taking time to further consider the budget proposals in relation to the delegated health budget which delayed the implementation of the identified savings required to deliver a balanced budget. The final IJB budget was agreed in April 2018."

Internal Audit undertakes an annual programme following an assessment of risk completed during the strategic audit planning process. The appointed Chief Internal Auditor provides an annual report to the Audit Committee and an independent opinion on the adequacy and effectiveness of the governance framework, risk management and internal control.

The Management Commentary provides an overview of the key risks and uncertainties facing the IJB.

Our internal auditors in NHSGGC and Renfrewshire Council highlighted a number of weaknesses they considered should be reported in this Governance Statement. These are outlined below along with a summary of the action taken to address these:

NHS GGC Health Service Audits:

- **Achieving Financial Balance:** internal auditors highlighted that the Board relied heavily on the use of non-recurring support to achieve financial balance in year, and raised concerns over the level of recurring savings delivered in 2017/18 with regards to the Boards financial sustainability. They also recommended that the Board put in place a transformation plan for the delivery of recurring savings, to ensure financial sustainability for the future.

Management response - A range of actions and measures have been put in place: the FIP, designed to achieve short/medium term recurring financial stability; the Moving Forward Together programme to deliver medium to longer term

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

transformation and the West of Scotland Regional Planning work to transform service delivery across the wider geographical area.

- **Waiting times management:** internal auditors reviewed the Board's arrangements for waiting times management, highlighting concerns regarding delivery of the key objectives of the programme of demand and capacity gap assessment and improvement.

Management response - agreed that management will revisit the project, and formalise the project management framework supporting the exercise with clear objectives and benefits, along with clearly defined: milestones, timescales, success measures and plans. In addition, they agreed to consider the need to form a working team tasked with overall delivery of the programme.

- **Mental Health: Crisis Management:** internal auditors reviewed the execution of the three risk assessment tools operating across NHSGGC, and found that in a significant number of instances, risk assessments were not completed in accordance with the governing policies in place.

Management response – Refresher training sessions have been put in place for relevant staff along with a programme of quality reviews implemented across all departments to ensure risk assessment procedures have been followed and evidenced on patient files. The reporting of the quality assurance programme has been built into the revised governance framework.

Renfrewshire Council Audits:

- **Adults with Incapacity:** procedures were found to be out of date and there was a lack of evidence to support that the correct process had been followed.

Management response - A revised policy, process flow chart, referral forms and supporting guidance have been developed to ensure the accuracy and timely completion of the relevant paperwork and required authorisation process.

- **Charging and Payments:** improvements are required in relation to financial assessment and reassessment for non-residential care and raising invoices.

Management response: Management agreed to review the procedures to minimise delays and clearly document the procedures to be followed.

Although no system of internal control can provide absolute assurance, nor can Internal Audit give that assurance. On the basis of audit work undertaken during the reporting period and the assurances provided by the partner organisations, the Chief Internal Auditor is able to conclude that a reasonable level of assurance can be given that the system of internal control, risk management and governance is operating effectively within the organisation.

Update on the 2016/2017 Action Plan

The 2016/17 Governance Statement identified a number of continuous improvement activities to be taken forward to improve the overall governance, risk management and internal control environment. Progress over the last 12 months against the agreed action plan is detailed below.

Agreed action	Progress	Responsible person	Date
Implementation of the local code of governance action plan, as approved by the IJB in June 2017.	Good progress has been made, with the IJB Audit Committee being kept informed of progress. This will work will continue in 2018/19	Jean Still, Head of Admin	March 2018
All outstanding savings plans have now been agreed. The Chief Finance Officer is currently working on a three-year Financial Plan which will be presented to the IJB at its September Board.	The IJB approved their 3 Year Financial Plan in September 2017. The IJB has now delivered all 2017/18 agreed savings.	Sarah Lavers, CFO	Sept 2017
Mid-year Risk Management reporting to the IJB will be reported to the IJB Audit Committee	IJB Audit Committee reviewed the Mid-Year Risk Management report in June 2018 and were satisfied with the monitoring arrangements and mitigation actions in place.	Jean Still, Head of Admin	Dec 2017

reporting will be provide regular assurance on the delivery of functions delegated to the IJB.	twice yearly for the IJB. At all other IJB meetings, performance is reviewed using exception reporting or focus reports. Managers receive regular performance information to support local service management.	Health improvement	
Further develop locality planning capability and capacity to facilitate the implementation of Strategic Plan objectives at a locality level.	Good progress as reported by the recent Adult Service Inspection. A locality based operational delivery model has now been established. Over 2017/18 the Senior Management Team has developed a strong locality focus for planning and service delivery e.g. working with GP Clusters.	Ian Beattie, Health and Social Care Services	March 2018

Conclusion and Opinion on Assurance

While recognising that improvements are required, as detailed above, it is our opinion that reasonable assurance can be placed upon the adequacy and effectiveness of the IJB's governance arrangements.

We consider that the internal control environment provides reasonable and objective assurance that any significant risks impacting on the IJB's principal objectives will be identified and actions taken to avoid or mitigate their impact.

Systems are in place to regularly review and improve the internal control environment and the implementation of the action plan will be monitored by the HSCP Senior Management Team throughout the year.

This report is made solely to the parties to whom it is addressed in accordance with Part VII of the Local Government (Scotland) Act 1973 and for no other purpose. In accordance with paragraph 120 of the Code of Audit Practice approved by the Accounts Commission, I do not undertake to have responsibilities to members or officers, in their individual capacities, or to third parties.

Report on the audit of the financial statements

Opinion on financial statements

I certify that I have audited the financial statements in the annual accounts of Renfrewshire Integration Joint Board for the year ended 31 March 2018 under Part VII of the Local Government (Scotland) Act 1973. The financial statements comprise the Comprehensive Income and Expenditure Statement, Balance Sheet, Movement in Reserves Statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union, and as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2017/18 (the 2017/18 Code).

In my opinion the accompanying financial statements:

- give a true and fair view in accordance with applicable law and the 2017/18 Code of the state of affairs of the Renfrewshire Integration Joint Board as at 31 March 2018 and of its income and expenditure for the year then ended;
- have been properly prepared in accordance with IFRSs as adopted by the European Union, as interpreted and adapted by the 2017/18 Code; and
- have been prepared in accordance with the requirements of the Local Government (Scotland) Act 1973, The Local Authority Accounts (Scotland) Regulations 2014, and the Local Government in Scotland Act 2003.

Basis for opinion

I conducted my audit in accordance with applicable law and International Standards on Auditing (UK) (ISAs (UK)). My responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of my report. I am independent of the Renfrewshire Integration Joint Board in accordance with the ethical requirements that are relevant to my audit of the financial statements in the UK including the Financial Reporting Council's Ethical Standard, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Conclusions relating to going concern basis of accounting

I have nothing to report in respect of the following matters in relation to which the ISAs (UK) require me to report to you where:

- the use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Chief Finance Officer has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt Renfrewshire

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

Integration Joint Board's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Responsibilities of the Chief Finance Officer and Audit Committee for the financial statements

As explained more fully in the Statement of Responsibilities, the Chief Finance Officer is responsible for the preparation of financial statements that give a true and fair view in accordance with the financial reporting framework, and for such internal control as the Chief Finance Officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Chief Finance Officer is responsible for assessing the Renfrewshire Integration Joint Board's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless deemed inappropriate.

The Audit Committee is responsible for overseeing the financial reporting process.

Auditor's responsibilities for the audit of the financial statements

My objectives are to achieve reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of the auditor's responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website www.frc.org.uk/auditorsresponsibilities. This description forms part of my auditor's report.

Other information in the annual accounts

The Chief Finance Officer is responsible for the other information in the annual accounts. The other information comprises the information other than the financial statements, the audited part of the Remuneration Report, and my auditor's report thereon. My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon except on matters prescribed by the Accounts Commission to the extent explicitly stated later in this report.

In connection with my audit of the financial statements, my responsibility is to read all the other information in the annual accounts and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If I identify such material inconsistencies or apparent material misstatements, I am required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Report on other requirements

Opinions on matters prescribed by the Accounts Commission

In my opinion, the audited part of the Remuneration Report has been properly prepared in accordance with The Local Authority Accounts (Scotland) Regulations 2014.

In my opinion, based on the work undertaken in the course of the audit

- the information given in the Management Commentary for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with statutory guidance issued under the Local Government in Scotland Act 2003; and
- the information given in the Annual Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with the Delivering Good Governance in Local Government: Framework (2016).

Matters on which I am required to report by exception

I am required by the Accounts Commission to report to you if, in my opinion:

- adequate accounting records have not been kept; or
- the financial statements and the audited part of the Remuneration Report are not in agreement with the accounting records; or
- I have not received all the information and explanations I require for my audit; or
- there has been a failure to achieve a prescribed financial objective.

I have nothing to report in respect of these matters.

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

- 5.1 The income and expenditure statement has been restated in 2016/17 to reflect the revised position in relation to hosted services. See section 1.6.18 - 20 for further details.
- 5.2 There are no statutory or presentation adjustments which affect the IJB's application of the funding received from partners. The movement in the General Fund balance is therefore solely due to the transactions shown in the Comprehensive Income and Expenditure Statement. Consequently, an Expenditure and Funding Analysis is not provided in these annual accounts.

Movement in Reserves Statement

This statement shows the movement in the year on the IJB's reserves. The movements which arise due to statutory adjustments which affect the General Fund balance are separately identified from the movements due to accounting practices.

The statement of Accounts presents a true and fair view of the financial position of the Integration Joint Board as at 31 March 2018 and its income and expenditure for the year then ended.

The unaudited accounts were issued on 29 June 2018 and the audited accounts were authorised for issue on 14 September 2018.

Notes to the Financial Statements

Note 1: Significant Accounting Policies

General Principles

The Financial Statements summarise the IJB's transactions for the 2017/18 financial year and its position at the year-end of 31 March 2018.

The IJB was established under the requirements of the Public Bodies (Joint Working) (Scotland) Act 2014 and is a section 106 body as defined in the Local Government (Scotland) Act 1973.

The Financial Statements are therefore prepared in compliance with the Code of Practice on Local Authority Accounting in the United Kingdom 2017/18, supported by International Financial Reporting Standards (IFRS), unless legislation or statutory guidance requires different treatment.

The accounts are prepared on a going concern basis, which assumes that the IJB will continue in operational existence for the foreseeable future. Assets are held at fair value.

Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when settlement in cash occurs. In particular:

- Expenditure is recognised when goods or services are received, and their benefits are used by the IJB.
- Income is recognised when the IJB has a right to the income, for instance by meeting any terms and conditions required to earn the income, and receipt of the income is probable.
- Where debts may not be received, the balance of debtors is written down.

Funding

The IJB is primarily funded through funding contributions from its statutory funding partners, Renfrewshire Council and NHSGGC. Expenditure is incurred as the IJB commissions' specified health and social care services from the funding partners for the benefit of service recipients in the Renfrewshire area.

Cash and Cash Equivalents

The IJB does not operate a bank account or hold cash. Transactions are settled on behalf of the IJB by the funding partners. Consequently, the IJB does not present a 'Cash and Cash Equivalent' figure on the balance sheet. The funding balance due to or from each funding partner as at 31 March, is represented as a debtor or creditor on the IJB's balance sheet.

Employee Benefits

The IJB does not directly employ staff. Staff are formally employed by the funding partners who retain the liability for pension benefits payable in the future. The IJB therefore does not present a Pensions Liability on its balance sheet.

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

The IJB has a legal responsibility to appoint a Chief Officer. More details on the arrangements are provided in the Remuneration Report. The charges from the employing partners are treated as employee costs.

Reserves

Reserves have been created from net surpluses in current or prior years, some of which are earmarked for specific purposes, the remainder is the general reserve.

When expenditure to be financed from a reserve is incurred it will be charged to the appropriate service in that year and will be processed through the Movement in Reserves Statement.

Indemnity Insurance / Clinical and Medical Negligence

The IJB has indemnity insurance for costs relating primarily to potential claim liabilities regarding Board member and officer responsibilities through the CNORIS scheme. NHS Greater Glasgow & Clyde and Renfrewshire Council have responsibility for claims in respect of the services for which they are statutorily responsible and that they provide.

Unlike NHS Boards, the IJB does not have any 'shared risk' exposure from participation in CNORIS. The IJB's participation in the Scheme is, therefore, analogous to normal insurance arrangements.

Known claims are assessed as to the value and probability of settlement. Where it is material, the overall expected value of known claims taking probability of settlement into consideration, is provided for in the IJB's Balance Sheet.

The likelihood of receipt of an insurance settlement to cover any claims is separately assessed and, where material, presented as either a debtor or disclosed as a contingent asset.

Debtors

Financial instruments are recognised in the balance sheet when an obligation is identified and released as that obligation is fulfilled. Debtors are held at fair value, and represent funding due from partner bodies that was not utilised in year.

Note 2: Critical Judgements

In applying the accounting policies set out above, the IJB has had to make a critical judgement relating to complex transactions in respect of the values included for services hosted within Renfrewshire IJB for other IJBs within the NHS Greater Glasgow and Clyde area. In previous financial years the financial accounts have been prepared on the basis that the costs associated with activity for services related to non- Renfrewshire residents were removed and transferred to other IJB's to reflect the location of the service recipients. Costs were also added to reflect activity for services delivered by other IJB's related to Renfrewshire residents. The costs removed/added were based upon budgeted spend such that any overspend, or underspend remains with the hosting IJB.

In preparing the 2017/18 financial statements these adjustments will no longer be made. Within NHS Greater Glasgow and Clyde, each IJB has operational responsibility for services, which it hosts on behalf of the other IJB's. In delivering these services the IJB has

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

primary responsible for the provision of the services and bears the risk and reward associated with this service delivery in terms of demand and the financial resources required. As such the IJB is considered to be acting as 'principal', and the full costs should be reflected within the financial statements for the services which it hosts. This is the basis on which 2017-18 accounts have been prepared.

Note 3: Events after the Balance Sheet Date

The Annual Accounts were authorised for issue by the Chief Financial Officer on XX September 2018. Events after the balance sheet date are those events that occur between the end of the reporting period and the date when the Statements are authorised for issue.

Where events take place before the date of authorisation and provide information about conditions existing as at 31 March 2018 the figures in the financial statements and notes have been adjusted in all material aspects to reflect the impact of this information.

Events taking place after the date when the Accounts were authorised are not reflected in the financial statement or notes.

Note 4: Expenditure and Income Analysis by Nature

The table below shows the gross expenditure and income for Renfrewshire IJB against subjective headings.

This note has been restated in 2016/17 to reflect the revised position in relation to hosted services (see section 1.6.18 - 20 for further details), and the change in the alignment of expenditure in relation to housing adaptations and self-directed support costs from 2017/18.

Note 5: Taxation and Non-Specific Grant Income

The table below shows the funding contribution from the two partner organisations:

Taxation and Non-Specific Grant Income	2016/17 £000's Restated	2017/18 £000's
NHS Greater Glasgow and Clyde Health Board	162,436	162,925
Renfrewshire Council	79,087	82,500
Total	241,523	245,425

This note has been restated in 2016/17 to reflect the revised position in relation to hosted services. See section 1.6.18 - 20 for further details.

The funding contribution from the NHS Board shown above includes £29.582m in respect of 'set aside' resources relating to hospital services. These are provided by the NHS which retains responsibility for managing the costs of providing the services. The IJB however has responsibility for the consumption of, and level of demand placed on, these resources.

Note 6: Short Term Debtors and Creditors

At the end of this financial year, Renfrewshire IJB had short term debtors of £3.442m relating to the reserves held. There were no creditors. Amounts owed by the funding partners are stated on a net basis.

Short Term Debtors	2016/17 £000's	2017/18 £000's

Note 7: Usable Reserves

As at 31 March 2018 the IJB has created earmarked reserves in order to fund expenditure in respect of specific projects. In addition, a general reserve has been created as part of the financial strategy of the IJB. This will be used to manage the risk of any future unanticipated events and support service provision that may materially impact on the financial position of the IJB in later years.

The table below shows how reserves are allocated:

General Reserves	2016/17 £000's	2017/18 £000's

The following earmarked reserves, created in 2016/17 on behalf of NHSGGC, were drawn down in full at the start of 2017/18, by NHSGGC:

- Primary Care Transformation Monies: £1,100k
- GP Digital Transformation: £289k and,
- GP Premises Fund: £705k

Note 8: Additional Council Services Delegated to the IJB

The table below shows the costs of Renfrewshire Council services delegated to the IJB. Under the Public Bodies (Joint Working) (Scotland) Act 2014, the IJB is accountable for these services, however, these continue to be delivered by Renfrewshire Council. The HSCP monitor the delivery of these services on behalf of the IJB.

Additional Council Services Delegated to the IJB	2016/17 £000's	2017/18 £000's

Note 9: Related Party Transactions

The IJB has related party relationships with NHSGGC and Renfrewshire Council. In particular the nature of the partnership means that the IJB may influence, and be influenced by, its partners. The following transactions and balances included in the IJB's accounts are presented to provide additional information on the relationships. The table below shows the funding that has transferred from the NHS Board via the IJB to the Council. This amount includes Resource Transfer Funding.

Renfrewshire Integration Joint Board (IJB) – 2017/18 Annual Accounts

This note has been restated in 2016/17 to reflect the revised position in relation to hosted services. See section 1.6.18 - 20 for further details.

Note 10: IJB Operational Costs

NHSGCC and Renfrewshire Council provide a range of support services for the IJB including finance services, personnel services, planning services, audit services, payroll services and creditor services. There is no charge to the IJB for these support services.

The costs associated with running the IJB are shown in the table below:

IJB Operational Costs	2016/17 £000's	2017/18 £000's
Staff Costs	271	281
Audit Fees	17	24
TOTAL	288	305

Note 11: VAT

The IJB is not a taxable person and does not charge or recover VAT on its functions.

The VAT treatment of expenditure and income within the Accounts depends upon which of the partners is providing the service as these bodies are treated differently for VAT purposes.

The services provided by the Chief Officer to the IJB are outside the scope of VAT as they are undertaken under a specific legal regime.

Note 12: External Audit Costs

Fees payable to Audit Scotland in respect of external audit services undertaken in accordance with Audit Scotland's Code of Audit Practice in 2017/18 are £24,000. There were no fees paid to Audit Scotland in respect of any other services.
