Sustainable Futures

Proposal to make changes to the Older Adult Day Services

This easy read document will tell you why
Renfrewshire HSCP need to save money.

It will tell you how the HSCP will make decisions.

It will tell you what it means to people, staff and
other services if there are changes to the
Older Adult Day Services.

It will tell you what happens next and how you
can have your say.

Health & Social Care
Partnership

What is Sustainable Futures?

To make sure health and social care services are right for people, we have the Renfrewshire Integration Joint Board.

They decide how the money is spent to run services.

We are Renfrewshire Health and Social Care Partnership. We deliver these services.

Each year more people need help from our services.

Things cost more money now. We have to look at ways to save money. We call this Sustainable Futures.

Why might there be changes to the Older Adult Day Services?

Renfrewshire
Health & Social Care
Partnership

We have looked at different ways to save money.

If there are changes to Older Adult Day Services, this will save money.

£472,000

Making changes to Older Adults Day Services would save £472,000.

The law says that we must provide some services to people that need help with health and social care. This could be services like home care.

There is no law that says we must have a service like the Older Adult Day Services.

If we do not make savings, we may not have enough money to run the services that the law tells us to.

What is the Older Adult Day Services?

There are 3 older adult day centres in Renfrewshire.

They are in:

- Johnstone
- Ralston
- Renfrew.

They provide support to older adults.

They also offer an online digital service.

What could happen if there are changes to the Older Adult Day Services?

The proposal is to close Ralston Day Centre.

Johnstone and Renfrew Day Centres will remain open.

Everyone will still have a place. Some people may have to go to a different day centre.

Some people may have to travel further to go to a day centre. There may be less people on the bus. This could reduce travel time.

Carers may need support if the person they care for no longer goes to a day centre.

What could happen if there are changes to the Older Adult Day Services?

There may be changes for staff who work at older adult day centres. They may:

- Get a job in Johnstone or Renfrew day centres
- Get another job in the HSCP
- Take voluntary redundancy
- Or take early retirement

How would we support people if there are changes to Older Adult Day Services?

People who use Ralston Day Centre will get help to move to one of the other day centres.

People who use the day centres will get help to take part in online digital activities.

There will be more online digital activities.

Carers can get support from Renfrewshire Carers Centre.

What will happen next?

There are events in June. You can have your say about the proposal to make changes to older adult day services.

What people tell us will help the Integrated Joint Board to decide about making changes to older adult day services.

The IJB will make a decision at a meeting in September 2025.

If they decide to change older adult day services, this will happen from October 2025.

The dates and times for the events to have your say are on the next page.
